

# **Contribution Report for Algorithmic Marketing Assignment**

## **Team - 5 Members:**

- 1. Venkata Subbarao Shirish Addaganti**
- 2. Mohit Chodiseti**
- 3. Sai Srinivas Madamraju**

## **Assignment Part 1:**

In Part 1 of the assignment, the team evaluated a company's use of programmatic services and algorithmic marketing concepts. Here is a breakdown of each member's contributions:

1. Venkata Subbarao Shirish Addaganti:
  - Answered questions 41,42, and 43.
2. Mohit Chodiseti:
  - Answered questions 44 and 45.
3. Sai Srinivas Madamraju:
  - Answered questions 46 and 47.

## **Assignment Part 2 (Queries 41-50):**

For Part 2, the team was tasked with designing a marketing dashboard using Snowflake and analysing specific queries from the TPC-DS dataset (queries 41-50):

1. Venkata Subbarao Shirish Addaganti:
  - Reviewed and discussed queries 41, 42, and 43.
  - Explained the queries and discussed their relevance.
2. Mohit Chodiseti:
  - Reviewed and discussed queries 44, 45, and 46.
  - Provided explanations for the queries and discussed their applications.
3. Sai Srinivas Madamraju:
  - Reviewed and discussed queries 47, 48, 49, and 50.
  - Detailed explanations for each query and discussed their significance.

## **Assignment Part 3:**

In Part 3, the team built a Streamlit application that connects to Snowflake using SQLAlchemy. Each member contributed to different aspects of the application:

1. Venkata Subbarao Shirish Addaganti:
  - Worked on the Streamlit front-end, creating the user interface.

- Enabled user interaction with the dashboard.

2. Mohit Chodiseti:

- Implemented the connection to Snowflake and query execution within the Streamlit app.
- Ensured smooth data retrieval and presentation.

3. Sai Srinivas Madamraju:

- Focused on enabling parameter changes for query substitution through the Streamlit front end.
- Ensured the flexibility and customization of query functions.

**Deliverables:**

1. Our team collaborated to create a GitHub repository to store the code for the assignment.
2. A 2-5 page report in the specified format was compiled, with each member contributing to different sections based on their assigned tasks and responsibilities.
